

Community Information Session on Ellwood House Extension January 16, 2025

What:

A virtual meeting via Zoom will provide neighbourhood residents and project supporters a chance to hear from the Ellwood House Extension team on details of what to expect, starting in January. One of the first things neighbours will notice is a new sign acknowledging our funding from the Ontario Building Faster Fund and the City of Ottawa.

When:

Thursday, January 16, 2025, at 7:00 p.m. To request an email invitation to the Zoom meeting, please contact ellwoodhouseextension@gmail.com.

Why:

The three-and-a-half-storey Ellwood House Extension at 2262 Braeside Avenue, on the St. Thomas campus, will provide 38 more affordable apartments to help seniors age in place. This information session will provide residents and interested supporters with construction details and expected timelines and give them an opportunity to ask questions they may have about the projected 18-month construction period.
